About Us

Welcome to RO Service Point, a leading provider of RO system maintenance, STP (Sewage Treatment Plant), and ETP (Effluent Treatment Plant) services. With a strong commitment to water purification and sustainability, we ensure that your water treatment systems function at their best, delivering clean, safe, and high-quality water for industrial, commercial, and domestic use.

What We Do

We provide comprehensive services to enhance the longevity and performance of water treatment plants. Our offerings include:

- ✓ **RO System Maintenance & Repair** – Industrial, Commercial & Domestic RO system servicing for peak efficiency.
- ✓ **STP & ETP Solutions** – Effective sewage and effluent treatment plant maintenance for a sustainable environment.
- ✓ **UF Plant Services** – Ultrafiltration system cleaning, servicing, and optimization.
- ✓ **Water Softener Maintenance** – Keeping your softener systems in top condition to prevent hard water issues.
- ✓ **Spare Parts & Replacements** – High-quality parts and filters to ensure seamless operation.
- ✓ **24/7 Customer Support & Emergency Services** – Quick response and expert assistance when you need it most.

Choose RO Service Point – where quality service meets pure water!

RO Water Purifier Service

Our RO Water Purifier Service ensures clean, safe drinking water by providing expert maintenance, repair, and filter replacement. Ideal for homes and offices, it removes impurities, heavy metals, and contaminants, ensuring fresh-tasting water. Reliable service for enhanced performance and longevity.

- Capacity: Suitable for all RO models
- Filter replacement and membrane cleaning
- UV, UF, and TDS level check
- Leak detection and repair
- Professional service at your doorstep

BOOK NOW

Industrial RO Plant Service

Expert Industrial RO Plant Service for optimal performance. Includes maintenance, repair, and part replacement to improve water quality and reduce TDS.

- Membrane, pump, and filter service
- TDS and pressure check
- On-site professional support

Commercial RO Plant Service

Our Commercial RO Plant Service ensures high efficiency and clean water by providing expert maintenance, repair, and part replacement. Ideal for offices, hotels, and industries.

- Suitable for all commercial RO models
- Membrane and filter replacement
- Pump and pressure check
- TDS level adjustment
- Leak detection and repair

Water Treatment Plant Service

Our Water Treatment Plant Service ensures efficient operation with expert maintenance, repair, and part replacement. Ideal for STP, ETP, and industrial plants.

- Suitable for all systems
- Pump and membrane service
- Filter cleaning and replacement
- Chemical dosing adjustment
- Leak detection and repair

Domestic Water Softener Service

Our Domestic Water Softener Service ensures soft, clean water by providing expert maintenance, repair, and salt refill, improving appliance lifespan and water quality.

- Suitable for all domestic models
- Resin cleaning and regeneration
- Salt refill and adjustment
- Valve and pipe inspection
- Leak detection and repair

Commercial Water Softener Service

Our Commercial Water Softener Service ensures efficient soft water supply with expert maintenance, repair, and salt refill, improving system performance and lifespan.

- Suitable for all domestic models
- Resin cleaning and regeneration
- Salt refill and adjustment
- Valve and pipe inspection
- Leak detection and repair

Sewage Treatment Plant (MBR) Service

Our Sewage Treatment Plant (MBR) Service ensures efficient wastewater treatment with expert maintenance, repair, and membrane cleaning for optimal performance.

- Suitable for MBR systems
- Membrane cleaning and replacement
- Pump and blower maintenance
- Sludge removal and disposal
- Leak detection and repair

Sewage Treatment Plant (MBBR) Service

Our Sewage Treatment Plant (MBBR) Service ensures effective wastewater treatment with expert maintenance, repair, and media cleaning for improved efficiency.

- Suitable for MBBR systems
- Media cleaning and replacement
- Pump and blower maintenance
- Sludge removal and disposal
- Leak detection and repair

Effluent Treatment Plant Service

Our Effluent Treatment Plant (ETP) Service ensures efficient wastewater treatment with expert maintenance, repair, and chemical dosing for optimal performance.

- Suitable for all ETP models
- Pump and blower maintenance
- Chemical dosing adjustment
- Sludge removal and disposal
- Leak detection and repair

Ultrafiltration System (UF Plant) Service

Our Ultrafiltration (UF) Plant Service ensures high-quality water filtration with expert maintenance, repair, and membrane cleaning for optimal performance.

- Suitable for all UF systems
- Membrane cleaning and replacement
- Pump and filter maintenance
- TDS and pressure check
- Leak detection and repair

Zero Liquid Discharge (ZLD) Plant Service

Our Zero Liquid Discharge (ZLD) Plant Service ensures complete wastewater recovery with expert maintenance, repair, and system optimization for zero discharge.

- Suitable for all ZLD systems
- Membrane and filter cleaning
- Evaporator and pump maintenance
- Sludge removal and disposal
- Leak detection and repair
